

Community Partners, we **invite** you as we begin a two-session collaborative assessment of the health of our community. Your expertise and knowledge of Bullitt County is critical to obtaining an overall picture of the issues impacting the health of our citizens.

Session One: Community Health Assessment (CHA)

May 18, 2022 /8:30AM @Paroquet Springs Conference Centre

This interactive breakfast session will be an organized discussion of the health of our community. Issues such as community strengths, risks, change and current health-related programs will be discussed.

Session Two: Community Health Improvement Planning (CHIP)

August 31, 2022 /8:30AM @Paroquet Springs Conference Centre

This session will engage participants in the development of a collaborative community health improvement plan based on the information from session one.

The best way we can improve the health of the citizens of Bullitt County is to bring those interested individuals and organizations together. Jointly, we can understand the issues impacting health and to decide on how best to address those issues. What has Bullitt County learned thus far and its impact on our community with COVID-19? Your input is valuable in the community health assessment and community health improvement planning efforts.

We need your help! RSVP to **ElizabethR.Crigler@ky.gov**, and for more information please call 502-955-5355.

Thank you in advance for taking the time to help improve the health of our community.
